How Plant Bundles Work

Plants are sold in bundles with the smallest bundle being 5 and the largest 50. **ALL PRICES SHOWN ARE PER PLANT, NOT PER BUNDLE.** To find the cost of a bundle you must multiply the price shown for the plant times the number of plants that you want to purchase to determine your total price. Price breaks occur at the 50+, 100+, 500+, and 2500+ ranges meaning that you, the customer, receive a discount for each of these price breaks.

Example of a bundle of 10:

Bundle+:	2' Br. Red Althea at \$7.00 each=	\$70.00
50+:	2' Red Althea at \$3.50 each =	\$175.00
500+:	2' Red Althea at \$3.25 each =	\$1625.00
2500+:	2' Red Althea at \$3.00 each =	\$7500.00

To Our Customers and Friends,

We would like to Thank You for your business and to share something with you that is more important than our business in which we make our income. This is free and won't cost you anything because it was paid for us by Jesus Christ.

SALVATION IS IN CHRIST

John 3:16 "For God so loved the world that He gave His only begotten son that whosoever believeth in Him should not perish, but have everlasting life."

CHRIST IS RECEIVED THROUGH FAITH

Hebrews 11:6 "But without faith it is impossible to please Him."

Romans 10:9 "That if thou shalt confess with thy mouth the Lord Jesus, and shalt believe in thine heart that God hath raised Him from the dead thou shalt be saved."

Thank you for taking the time to read this. Jesus Christ paid the price for us to have this gift of salvation and if you don't know Him as your personal savior, ask, believing and you can know him today.
